PROFESSIONAL SUMMARY

I'm a CSE student at Comilla University, building real-world apps with the MERN Stack. Experienced in React.js, Node.js, Express.js, and MongoDB. Active in university tech organizations with a strong base in DSA and OOP. Currently seeking remote internship opportunities, with future goals in Machine Learning and Cyber Security.

PROFESSIONAL EXPERIENCE

Executive Graphics Wing

Present

IT Society, Comilla University

Creating design assets, promotional materials, and visual content for society events.
Contributing to the graphics team of the university's official IT Society.

Executive Department Development Club

Present

CSE Department, Comilla University

Organizing departmental tech events, workshops, and development initiatives for CSE students.
Contributing to skill-building activities and academic growth programs within the department.

President — Media & Publication Wing

01/2024 - 01/2025

Finding Metal Peace Club

Led media, content, and publication activities for the university mental wellness club.
Managed social media presence, event coverage, and creative design output.

PROJECTS

DriveFleet Full Stack Car Rental Platform

Technologies: Next.js 15, React.js, Node.js, Express.js, MongoDB, JWT, Tailwind CSS, Framer Motion

github.com/shahed-hassan-fz-rabbi

Built a complete car rental platform with Google OAuth + JWT authentication, protected private routes, and secure cookie-based session handling.

Developed full CRUD for car listings and a booking system with personal dashboard, cancellation support, and real-time search/filter functionality.

Deployed on Vercel (client) and Render (server) with Framer Motion animations and fully responsive UI across all devices.

Job Tracker App

Technologies: JavaScript, Tailwind CSS, DaisyUI

github.com/shahed-hassan-fz-rabbi

Built a dynamic job application tracker with filtered views, status management, and event delegation pattern. Responsive UI with Tailwind CSS; supports add, update, and delete operations without page reload.

G3 Architecture Website

Technologies: HTML5, CSS3

github.com/shahed-hassan-fz-rabbi

Fully responsive architecture firm showcase website with modern design principles and clean layout.

Meal Management System

Technologies: Vanilla JavaScript

github.com/shahed-hassan-fz-rabbi

Meal planning application with dynamic rendering, intuitive UI, and structured data management.

TechWave Website

Technologies: CSS, JavaScript

github.com/shahed-hassan-fz-rabbi

Tech-focused landing page with modern responsive UI and interactive JS-driven components.

AWARDS & ACHIEVEMENTS

NEXT Gen Hackathon — Top 20 Finalist

Issuing Organization

Competed among hundreds of participants nationwide and secured a Top 20 position.

ICT Olympiad 2026 — Semifinalist

Issuing Organization

Qualified to the semifinal round of the national-level ICT Olympiad.

LICENSES & CERTIFICATIONS

Complete MERN Stack Development Course

Programming Hero

In Progress
